Art Program Line: 617-954-3787

Thank you for your submissions to our second annual Summer Street Solstice II Juried Art Show. The MCCA Art Program was established one year ago and we are committed to developing relationships with artists and art organizations from across the Commonwealth. It is our belief that the BCEC, by virtue of its spectacular architecture, offers many unique exhibition opportunities for Massachusetts based artists. At the same time, visitors from around the world have the opportunity to see and experience and acquire art that is reflective of our culturally diverse communities and rich history.
